Category Leads

Specialized in Design Niches.

World Design Consortium Category Leads are leading experts in their respective fields; the very best in design, arts, architecture, engineering and design consultancy, focused on and specialized in niche design industries. If you need very specific design work done, in a given design category, you should contact the WDC Category Lead assigned to that design category, regardless of the country. Contact WDC Secretariat if the category you are interested in, does not yet have a WDC Category Lead assigned to it; not all design categories have a WDC Category Lead since the WDC Category Lead position requires a very high WDC Rating. WDC Rating is how WDC measure the professionalism and creative capacities of WDC Members.

World's Best.

World Design Consortium only accepts award winning, World-renown, exceptional architects, artists, designers, engineers, consultants and manufacturers as its members. This page is a fraction of a fraction of a fraction of some of our best people who have proven their talents through excellent design thinking and outstanding innovation. When you inquire to work with WDC, we will connect you to the best people in design, architecture and engineering in the universe. Since it is not practical to name each and every member, as well as to protect the privacy and interests of our members, we are not listing names here, that being said, please consult with your WDC Contact; i.e. WDC Agents, WDC Partners, WDC Nodes or WDC Secretariat who will help you get connected to the members you need.

About World Design Consortium

World Design Consortium (WDC) is a multinational design conglomerate providing design consultancy, design strategy and design services in all creative industries, worldwide.

World Design Consortium has eight creative divisions: 1) Architecture, Interior and Urban Design, 2) Industrial Design, Consumer Electronics, and Furniture Design, 3) Branding, Advertising, Graphics and Packaging Design, 4) Fashion Design, 5) Strategic Design and Design Strategy, 6) Futuristic Design, 7) Digital Product Design, 8) Arts.

Thanks to its multi-disciplinary composition, varied and international structure, WDC Members are able to design, realize and engineer any type and any size of design project at any location worldwide.

World Design Consortium is composed by World Design Consortium Secretariat, World Design Consortium Agents, World Design Consortium Partners and World Design Consortium Nodes.

World Design Consortium Secretariat, World Design Consortium Partners, World Design Consortium Agents and World Design Consortium Nodes are all independent and distinct legal entities, firms and/or private persons.

World Design Consortium Secretariat is the coordinating entity for the global network of design firms, architecture offices, engineering companies, art studios and creative agencies. WDC Secretariat develops strategies, policies and initiatives to advance the international brand.

World Design Consortium Secretariat provides preliminary consultancy, coordinates and matches prospective clients with WDC Members.

WDC Secretariat does not provide any design services itself; design tasks are assigned to specialized WDC Members via WDC Tenders and WDC Calls.

WDC Partners are award-winning architects, designers and engineers.

WDC Agents are award-winning, high-ranking architecture offices, design studios and engineering companies.

Global network of award-winning, world-class specialists; professional designers, engineers, creatives and architecture offices, provide World Design Consortium with collective expertise in all design fields and practices.

To start your good design journey, you can reach WDC via the WDC Secretariat, or by contacting WDC Agents, WDC Partners or WDC Nodes.

Once we get to know you and understand your dreams, needs and technical requirements, we will be presenting you bids from different WDC Partners and Agents.
